

COVID-19 UPDATE

Nov. 10, 2021

SUMMARY:

Positive cases at the college have dropped to zero at this time, but there is community spread occurring in our region. Thank you for doing all you can to help prevent the spread of Covid-19.

DO YOU HAVE KIDS?

As of Nov. 3, children ages 5–11 are eligible for the Covid-19 vaccine. The Covid-19 vaccine is safe, effective, and will protect children and adolescents from the virus.

Parents and guardians looking to schedule vaccine appointments for children ages 5-11 are encouraged to contact their child's pediatrician, family physician, local county health department, community-based health center, or pharmacies that may be administering the vaccine for this age group.

Want to get your kids vaccinated? Have more questions? [Visit the state Health Department website for more.](#)

PREVENTION 101:

Help prevent the spread of Covid-19:

- Wear a mask and social distance
- Wash your hands often with soap and water for at least 20 seconds, especially before you eat.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Cover cough and sneezes with a tissue and discard it in a closed container.

SNAPSHOT: ESSEX COUNTY CASELOAD INCREASES

Essex County Public Health is providing twice-weekly reports on Covid-positive cases, and monthly summaries, via its [Facebook page](#). During the month of October, the county reported a total of 439 cases, **39 percent of which were connected to schools**. Over the past week, the county has seen an increased number of daily Covid-19 cases, as indicated below.

ON-CAMPUS VACCINATION RATES (ALL NCCC CAMPUSES)

A total of **456 of 457 on-campus students are fully vaccinated**. One unvaccinated student has been granted medical accommodations. The remaining student population is fully online. More than 90 percent of full-time faculty and staff are vaccinated.
