

COVID-19 UPDATE

Nov. 30, 2021

SUMMARY:

Case numbers at the college have increased in recent weeks, mirroring the trend in our campus communities. Please stay vigilant, wear your mask, social distance, and help us curb the spread of Covid-19.

SPRING 2022 GUIDANCE:

Per the State University of New York (SUNY), all students planning to be on campus for Spring 2022 are required to be fully vaccinated against COVID-19 with one of the three approved vaccines.

If you were enrolled for the fall semester and already submitted proof of vaccination, you're set. If you are an incoming student who will be on campus, the deadline to submit proof of vaccination is Friday, Jan. 14th, 2022.

Proof of vaccination can be submitted to healthrecords@nccc.edu.

Students planning to be on-campus for Spring 2022 who have not submitted proof of vaccination or have not been granted a medical or religious exemption, will be unable to attend on-campus classes, reside in the residence halls or access the college facilities during the semester.
