

Vaccine Clinic Locations Fall 2021

Students who are looking to find a provider for a COVID-19 vaccine can do so through this [website](#). Per the federal government, there is no cost currently to get a vaccine. As of late August 2021, the following locations near our campuses are able to provide a vaccine, though many require calling ahead to set up an appointment. If a student lives outside of any of these locations, they can look for a provider closer to home using the link above.
