      2. NCCC Foundation

VII. Old Business – Election of Board Chair for the Remainder of 2016-17 Year
VIII. New Business – Summary of College Community Comments Regarding Railroad Matter
IX. Adjourn

An Executive Session of the Board of Trustees may be called pursuant to Article 7 of the Public Officer’s Law to discuss the Medical, financial, credit or employment history of a particular person or corporation, or matters leading to the appointment, employment, promotion, demotion, discipline, suspension, dismissal, or removal of a particular person or corporation and collective bargaining negotiations conducted pursuant to Article 14 of the Civil Service Law. (Public Officers Law §105).

* Public Comment: Visitors are requested to sign in before the beginning of the meeting. Provision is made at this point in the agenda for citizens of the community to make comments regarding any agenda item to be discussed at that meeting. Citizens will not be recognized at any other time. No person, not a member of the Board, shall speak for more than five (5) minutes. The minutes shall show that privilege of the floor was granted and shall include a brief statement of the subject matter presented.
Executive Session
Mark Moeller made the motion to enter Executive Session at 11:11 a.m. in relation to collective bargaining negotiations conducted pursuant to Article 14 of the Civil Service Law; and the medical, financial, credit or employment history of a particular person or corporation, or matters leading to the appointment, employment, promotion, demotion, discipline, suspension, dismissal or removal of a particular person or corporation. Tim Burpoe seconded the motion. The motion was passed unanimously. Steve Tyrell was invited in to join executive session at 11:38 a.m.

Tim Burpoe made a motion to close Executive Session and enter into Open Session at 12:05 p.m. Mark Moeller seconded the motion. The motion was passed unanimously.

Approval of Minutes
Anne McDonald made a motion to approve the November 22, 2016 minutes as submitted. Mark Moeller seconded the motion. The November 22, 2016 minutes were approved 6-0-1.

College Senate
Chuck Van Anden reported that Senate met on December 9th and discussed their role in regard to managing the Chancellor’s Awards for Excellence. The Senate also discussed the Lowe’s study, the Diversity and Inclusion Plan, the progress made on the strategic planning process, adjunct compensation, water quality monitoring for the three campuses, and the progress on extended hours for the Ti campus for Spring 2017 (and as well where we are heading with this action for the Malone campus and the Saranac Lake campus, as their schedules and needs may be different).

Board Chair Report
Barbara Dwyer reported that the Governor has begun filling vacancies and expired terms for board members of community colleges. Her term concluded in July 2015. The Governor has appointed Dan Kelleher. The Board welcomed Dan to the Board.

Tim Burpoe, as Vice Chair assumed the role of Acting Chair. Tim reported that the Board would look at possibly appointing co-chairs at the January 2017 Board meeting. Tim thanked Barbara for her leadership and years of service on the Board. Motion made by Mark Moeller to appoint Barb Dwyer the status of Board Emeritus. The motion was seconded by Anne McDonald. The motion passed 7-0-0. Emeritus title was provided to past Board members, most recently the late John Friedlander in 2012. Barbara Dwyer was asked by the Board to serve on the Audit Committee as the bylaws prohibit the chair from serving on the audit committee.

Interim Vice President for Academic Affairs
Joe Keegan reviewed his printed report and highlighted:
The faculty have begun initial conversations related to the creation of an academic master plan.

New programs are under review at State Ed (AS Business – Business Administration – On Line and AA Liberal Arts and Sciences – Humanities/Social Science – Psych Track).

Faculty searches are coming to a close with Human Services and Business. Active searches underway include the CRJ Instructor, Nursing Instructor, Nursing Clinical Coordinator, Arts/Computer Graphics and Design.

Grants – both P-Tech programs continue to move forward. The implementation of the Second Chance Pell program has been underway and we are hosting students at Adirondack, Bare Hill and Franklin Correctional facilities.

**Dean of Admissions Report**

Chris Tacea, Dean of Admissions, reviewed his printed report and highlighted:

- Spring 2017 applications are up from Spring 2016 (309/258 or up 19.8%).
- Staff working on contacting Fall 2016 students who have not registered for Spring 2017.
- Interviewed one candidate for the Director of Financial Aid – search will continue.
- Two new student registrations conducted in the fall semester.
- Marketing for spring registration and 50th anniversary is out the door.

**Vice President for Administration/CFO:**

- Due to the early date of the December Board meeting, the November Financials will be presented at the January meeting of the Board.
- The annual audit (2015-16) is going well. We hope to begin the annual audit preparation earlier in the fall semester in upcoming years. We will convene the Audit committee once the auditors have the report ready.
- We continue to work through the administrative paperwork required to refinance the bonds with the Association and Foundation.
- Currently assembling the proposed 2017-18 budget that the administration will share with Long Range Planning and Budget in the early part of the Spring semester.

**President's Report:**

Dr. Tyrell shared his written report and discussed:

- *Strategic Planning* – College wide meeting on December 20th to review progress to date by working groups.
- *North Country - Community Colleges Councils Report* – Jefferson, Clinton and North Country Community Colleges submitted their report to SUNY which was forwarded to Lt. Governor Hochul. The report focused on workforce development issues and opportunities in the region.
- *Middle States Reaffirms Accreditation* – MSCHE reaffirmed the College’s accreditation in late November and as a follow-up to the institution’s periodic review report submitted in June 2016. The College will provide a follow-up report to Middle States (due September 1) and the administration and the College Senate will begin our work on this report in the Spring semester. The process for assembling this report will be discussed with Senate at their January meeting.

Mary Kay Tulloch recommended Resolution 2016/17-56 that the North Country Community College Board of Trustees hereby approves the appointment of Stacie Hurwitch, to the full-time, 12 month, exempt management confidential appointment of Executive Assistant to the President, effective January 13, 2017, at an annual salary of $60,000. Mark Moeller seconded the motion. The resolution was approved unanimously (7-0-0).

**NCCC Association**

Diana Friedlander reported that occupancy in the residence halls was down a bit. Diana also shared with the Board she had resigned her position as director as of the end of December and that she
would be starting a new job in January. The status of the revised contract between the College and the Association – there are a few items all are still reviewing. The ad hoc committees may need to reconvene in the future. The Board wished Diana all the best in the future.

**NCCC Foundation:**
Diana Fortune reported:
- The Foundation has secured a $25,000 pledge over five years for an endowed scholarship fund from SeaComm Federal Credit Union. The scholarship will be available to students in 2020 when fully underwritten. Our thanks to Steve Tyrell and Foundation President, John Dowd, for accepting the initial check and posing for the photo with SeaComm CEO Scott Wilson.

- December 8th was the “Joint Boards Educational Coffee Hour” on Student Success at the Malone Campus and it was very well received. We had 25 in attendance including two newly elected county legislators, Malone Mayor, 6 Malone Central School District representatives, 2 Alice Hyde Hospital representatives, the Franklin County Personnel Officer, and a variety of community leaders. Our thanks to Chris Tacea and Chuck Van Anden for doing an engaging presentation and to all board members who participated in making the event a success.

- The "end of year annual fund" appeal is ongoing. There is still time to meet our goal of 100% participation by both Boards. Founders Day invitations are at the printers and will be mailed the first week of January. The date of the event is February 17, 2017 from 9:30 – 11:00 in the Connector (commemorates the first Board of Trustee meeting in February 1967). All are welcome.

**Adjourn**
Mary Kay Tulloch made a motion to adjourn the meeting. Mark Moeller seconded the motion. The motion was approved unanimously. The Board meeting was adjourned at 1:28 p.m.

Respectfully submitted,

Steve Tyrell
President

UNAPPROVED
Greetings to you all,

Happy New Year! I hope your holiday was enjoyable. On behalf of the faculty and staff in Academic Affairs, please find the report from our area here:

**Facilities:**
- Rad Tech Lab is fully operational as is the new classroom in the library and will be in use this semester. Many thanks to our facilities colleagues for their efforts.
- Several instructional technology upgrades (IT) have occurred over break including new computers in our computer labs, new instructional computers in classrooms, new Smartboards and a consolidation of video-conferencing classrooms. Many thanks to Scott and crew.

**Academic Planning and Programs:**
- At the end of last semester, the faculty weighed in on two (2) items linked to academic planning, the *Lowes Feasibility Report* and the *Academic Master Planning* process. A quick summary of their positions on both are here:
  - *Lowes Feasibility Study:* While the faculty is supportive of diversification of academic programming at the College, they (the faculty) were not in support of this proposal and did not find it feasible at this time (77%). There was also a strong sense that moving into this before the development of academic master planning and a needs assessment of our communities was getting ahead of ourselves. What is more, a review of SUNY schools in the North Country, Capital District and Mohawk Valley where programs such as these already exist (i.e. SUNY Canton, FMCC, HVCC, MVCC) illustrated relatively flat or declining enrollments overall, raising concerns about the feasibility of this initiative.
  - *Academic Master Planning:* The faculty identified a number of priorities, many focused on improving our current operations, and then weighed in on those that were most important. Here is a list, rank-ordered by importance with 1=most important:

<table>
<thead>
<tr>
<th>Rank</th>
<th>Faculty Priorities</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Increase adjunct pay</td>
</tr>
<tr>
<td>2</td>
<td>Inventory our current technology and plan accordingly</td>
</tr>
<tr>
<td>3</td>
<td>Upgrade classroom furniture</td>
</tr>
<tr>
<td>4</td>
<td>Increase investment in professional development opportunities</td>
</tr>
<tr>
<td>5</td>
<td>Investing in the Bridge program and strengthening our partnerships with high schools</td>
</tr>
<tr>
<td>6</td>
<td>Improve access to libraries and the college after hours.</td>
</tr>
<tr>
<td>7</td>
<td>Invest in career services</td>
</tr>
<tr>
<td>8</td>
<td>Revitalize campus-based advisory boards to provide input to academic affairs as to where academic programming can best serve workforce needs.</td>
</tr>
<tr>
<td>9</td>
<td>Strengthen existing assessment practices including the assessment of Institutional Learning Outcomes and tie them to the larger strategic plan.</td>
</tr>
</tbody>
</table>
We continue to await word of the status of programs at NYSED including our *AA Liberal Arts and Sciences – Humanities/Social Science – Psych Track* and the *AS Business - Business Administration* online registration.

A few new program options are being explored including adding a Biology track to the *AS Liberal Arts and Sciences – Math/Science* program and creating a *Certificate in Entrepreneurship*.

**Faculty Matters:**

- **Faculty Searches:** Several searches have wrapped up and we have the resolutions for those positions before you today in including a Business Instructor, Human Services Instructor, Nursing Instructor and Rad Tech Instructor. We have four additional searches underway or slated for the Spring 17 semester including:
  - CRJ Instructor (underway)
  - Nursing Clinical Coordinator
  - Art / Computer Graphics and Design Instructor
  - Associate Dean of Academic Affairs

**Grants and Experiments:** Here is a brief update on our grants:

- **P-Tech Programs** – The programs continue to move along and are preparing for the 2nd year recruitment efforts over the next couple of months. We are planning some joint faculty meetings between the College and the P-TECH programs for the spring.

- **Second Chance:** We are getting close to launching the program. Over the break, lots of efforts in certifying the students financial aid status by Chris and staff has taken place. Program chairs, Sarah K and Sarah M have all been involved in finalizing the schedule, recruiting faculty, ordering texts and the like. We are shooting for a mid-February 2017 start.

- **PELL for High School Students:** No update.

- **Career Services Coordinator:** No update.

- **Perkins:** No update.

**Middle States**

- Planning efforts on responding to requests for demonstrating mature, systematic assessment linked to strategic planning and budgeting have begun. We will be working with the department chairs and faculty to accurately document that which has already been done and put into place systems that are in line with MSCHE expectations.

**Continuing Education Planning:** No updates.

Respectfully submitted,

Joe
WHEREAS the Interim Vice President for Academic Affairs recommends the initial term appointment of Mary Jo Carter-Codling, to the full-time, nine-month, 164-day, exempt appointment as Nursing Instructor for a one year term effective with the Spring 2017 Semester, at a base salary of $44,275 and at Rank A5, Step 9A.

WHEREAS the President hereby concurs in this recommendation,

NOW, THEREFORE, BE IT

RESOLVED that the North Country Community College Board of Trustees hereby approves initial term appointment of Mary Jo Carter-Codling, to the full-time, nine-month, 164-day, exempt appointment as Nursing Instructor for a one year term effective with the Spring 2017 Semester, at a base salary of $44,275 and at Rank A5, Step 9A.

This position is currently funded in the 2016-2017 operating budget. In accordance with the current NCCCAP agreement Article VII-Appointment and Promotions, this appointment will expire at the conclusion of the nine-month term and will not be renewed.

2016/17 - 57
MOTION:
ACTION:

Abstentions:
DATE:
December 22, 2016

Mary Jo Carter-Codling
113 McQueen Rd
Fort Covington, NY 12937

Dear Mary Jo:

Pending approval by the Board of Trustees at the January 2017 meeting, I am pleased to offer you an initial term, full-time, nine-month (164 days), exempt appointment as a Nursing Instructor commencing with the Spring 2017 Semester.

As a member of the North Country Community College Association of Professionals (NCCCAP) bargaining unit, your compensation and benefits are detailed in your collective bargaining agreement (CBA) between the College and NCCCAP. Should you accept this confirmation, your pay grade for this appointment as a 164 day employee is Rank A5 Step 9A on Schedule C of the CBA, which is an annualized base salary of $44,275. This amount will be pro-rated to take into consideration the length of the appointment. Your 164-day per diem rate is $269.97 and the pro-rated amount equates to $22,137.50.

As part of this agreement, you will be required to earn your Master’s Degree within 5 years of the start of your appointment. Failure to do so could result in re-evaluation of your continuing appointment.

Professional staff members shall not be assigned to more than two campus locations without their consent. Your base campus assignment will be Malone. Your Department Chair is Chuck Van Anden, Nursing Program Director. Your area supervisor is Joe Keegan, interim Vice President for Academic Affairs.

To acknowledge the terms of your appointment, please sign and return this Letter of Appointment no later than January 6, 2017.

Sincerely,

[Signature]
Steven Tyrell, Ph.D.
President

Kimberly Duffey
PO Box 361
Chateaugay, NY 12920

Dear Kimberly:

Pending approval by the Board of Trustees at the January 2017 meeting, I am pleased to offer you an initial term, full-time, nine-month (164 days), exempt appointment as a Business Instructor commencing with the Spring 2017 Semester.

As a member of the North Country Community College Association of Professionals (NCCAP) bargaining unit, your compensation and benefits are detailed in your collective bargaining agreement (CBA) between the College and NCCAP. Should you accept this confirmation, your pay grade for this appointment as a 164 day employee is Rank A5 Step 10 on Schedule C of the CBA, which is an annualized base salary of $45,250. This amount will be pro-rated to take into consideration the length of the appointment. Your 164-day per diem rate is $275.91 and the pro-rated amount equates to $22,625.00.

In addition to the increase in salary you are receiving with this appointment, you will receive any negotiated raises with NCCAP for the 16/17 academic year, including any retroactive raises as applicable.

Professional staff members shall not be assigned to more than two campus locations without their consent. Your base campus assignment will be Malone. Your department chair is Lynn Kemp and your area supervisor is Joe Keegan, interim Vice President for Academic Affairs.

To acknowledge the terms of your appointment, please sign and return this Letter of Appointment no later than January 6, 2017.

Sincerely,

Steven Tyrell, Ph.D.
President

Dear David,

Pending North Country Community College Board of Trustees approval at the January 27, 2017 meeting, I am pleased to offer you a temporary, full-time, exempt appointment as an Assistant Professor for Humanities for the 2017 Spring Term.

As a member of the North Country Community College Association of Professionals (NCCAP) bargaining unit, your compensation and benefits are detailed in your collective bargaining agreement (CBA) between the College and NCCAP. Should you accept this confirmation, your pay grade for this appointment as a 164 day employee is Rank A4 Step 4 on Schedule C of the CBA, which is an annualized base salary of $37,450. This amount will be pro-rated to take into consideration the length of the appointment. Your 164-day per diem rate is $228.35 and there are 82 days in the 2017 Spring Term. The pro-rated amount equates to $18,725.

While you may be assigned duties at a variety of locations, your base campus assignment will be Saranac Lake. Shir Filler is the Department Chair and your area supervisor is Joe Keegan, Vice President for Academic Affairs.

To acknowledge the terms of your appointment, please sign and return this Letter of Appointment no later than January 17, 2017.

Sincerely,

Steven Tyrell, Ph.D.
President

Resume of David G. Campbell
(845) 246-8592

Present: Owner/Operator, inkminers.com

2/96 – 12/2010: Assistant Program Manager, Ulster County Dept. of Public Works, Kingston, NY – Hired as a temp to organize and inventory quarry material. Rehired full time to establish the first computerized inventory and control system, and to establish receiving, storage and disbursement procedures of construction material. Established first complaint tracking and response system. Later transferred to Admin to plan office computerization, match technology to needs, and streamline and document internal processes. Also responsible for special projects, management correspondence, most written material, interfacing with other departments for procedures, and documenting millions of dollars annually in FEMA funded projects.

8/93 -1/96: Self Employed - Worked alone as a small project construction/electrical contractor in the local area and as an artist working in various media for private sales.

1/92 – 7/93: Corporate Writer, Consumers’ Buyline, Clifton Park, NY – editorial responsibility for all corporate manuals, legal documents, bi-monthly magazine and monthly newsletter, video scripts, and marketing/sales/collections/PR copy, and authored much of the material. Provided staff communication training.

6/80 - 12/91: Administrator, and Associate Professor of English, NCCC Saranac Lake, NY and Paul Smiths College, Paul Smiths, NY - Administrator in the Continuing Education, Prison Education Program, Adirondack Studies Center, Gerontology Center, and Veteran’s Affairs offices. Completed Master’s Degree in English and taught writing and literature courses to undergraduate students and community adults as full-time and adjunct. Taught at Paul Smiths College as full-time, one semester replacement. Later volunteer team-taught English as a Second Language to visiting scientists from nearby research facilities as community service.

Additionally: Freelance writer specializing in technical and marketing work. Active artist, working in various media including oils, ink, watercolor and film. Builder of custom electric guitars. Former Licensed NY State Guide for fishing camping, boating, and hiking in Adirondacks.

Education:

MA, Liberal Studies: English Language and Literature, SUNY College, Plattsburgh, NY- Dec 1988
BA, English (writing emphasis), SUNY College, Plattsburgh, NY- Dec 1986, with honors
AA, Regional Studies, NCCC, Saranac Lake, NY- Jan 1983 with honors
One Year Certificate, Gerontology, NCCC, Saranac Lake, NY- Jan 1984, with honors
US Navy Personnel School, NTTC Meridian, MS- Oct 1976
**Data Date: 1/10/2017  *Rough estimate based on available data in CAMS**

### Admissions Activities:

1. Finished up Rad-tech applications to move forward to Department review
2. Meredith & Rachel in Herkimer for the Executive SUNYCAP meeting
3. Final calls for LPN selection
4. Participated in January 10th & 19th new student registration
5. Joe Akey has processed all 2nd chance PELL applications
6. Building Spring travel schedules to start in March
7. Sending bids for printing for new admissions publications
8. Help support the SL Chamber with a few goodies for Snowshoe Fest
9. Marketing efforts for: 50th Anniversary are rolled out and public.
Financial Aid Report:

1. CAMS set up is complete for 17-18 award season
2. ISIR processing for 17-18 has begun
3. Cleaning up Gainful Employment Report past due to the Feds
4. On-going manual processing of FAFSA's for 2nd chance PELL
5. SAP compliance review 50% complete
6. Communication out to returning students on 17-18 fafsa filing
7. Phone interview for a candidate for the Directors position

PSA:

Friendly reminder that weekly admission numbers, the enrollment action plan, high school/community college data/webinars, staff travel, and other useful enrollment resources are on Faculty SharePoint under the folder of Admissions.
WHEREAS at the conclusion of an unsuccessful search for a Director of Financial Aid, the Dean of Admissions recommends the approval of a three month contract extension with FAS, and

WHEREAS the FAS contract will continue to supply the College with an interim professional to serve as temporary Director of Financial Aid during this three month period and while this position is currently vacant, and

WHEREAS the rate of pay is $95/hour plus housing and travel expenses, and

WHEREAS the President hereby concurs in this recommendation,

NOW, THEREFORE, BE IT

RESOLVED that the North Country Community College Board of Trustees hereby approves the contract between the College and FAS per the terms negotiated between the College and FAS.

2016/17- 62
MOTION:  
ACTION:  
Yeas:  
Nays:  
Abstentions:  
DATE:  
DATE: December 20, 2016
TO: Chris Tacea, Director of Admissions
    North Country Community College
FROM: Ken Garrett, Vice President of Client Relations
       Financial Aid Services (FAS)
RE: Fee and Expense Estimate - 12 Weeks Additional Interim Staffing

Chris,

I’m pleased to hear you would like for Dawn Langdon to continue serving as the College’s interim director of financial aid. Below are estimates you requested. These are based on previous invoices as well as the latest information regarding travel arrangements.

**Professional Fees**

Please note: FAS will extend the current (reduced) rate of $95 per hour.

34 staff hours per week @ $95 = $3,230 (Professional Fees)
$3,230 x 12 weeks = $38,760

**Expenses**

The College provides Ms. Langdon’s lodging accommodations.
Recently, the College obtained her rental car through its own rental contract (Enterprise Car Rental).

These reimbursable expenses are essentially meals and incidentals (gas and tolls). They are averaging $200 per week (or less).

$200 per week x 12 weeks = $2,400

* Previous Board of Trustees financial reports included a line item for "Other Post-Employment Benefits" that reflected our liability under GASB-45. Currently, NCCC would be responsible for $4,014,424. It was taken out of the report as it does not affect the operations of the college and was not accurately illustrating the activity on the fund balance.

* Previous Board of Trustees financial reports included a line item for "Other Post-Employment Benefits" that reflected our liability under GASB-45. Currently, NCCC would be responsible for $4,014,424. It was taken out of the report as it does not affect the operations of the college and was not accurately illustrating the activity on the fund balance.*

2) **2017-18 State Budget Advocacy** – The Governor released his proposed 2017-18 budget on January 17th. The Governor is not supporting the SUNY proposal of “hold harmless” for State funding to community colleges. He has proposed that the State funding remain at the same level as the year before. Because our State funded FTEs for 2017-18 will likely be at or above this year’s AAFTE value, our college will not see a reduction of funding in this State aid item. The Governor’s budget proposal again does not increase the pool of money community colleges access for rental aid. This will equate to another year of reduction in rental aid (as leasing agreements increase each year across the State). The Governor’s budget does include the State’s match dollars for capital funding we project from the counties and from capital chargeback monies for 2017-18. We will be heading to Albany as part of the community college lobby day in early March.

3) **CINDERELLA Project – Ticonderoga Campus** – My thanks to Selina Lemay-Klippel for hosting the first meeting of the CINDERELLA Project on December 21st. CINDERELLA stands for Collectively Imagining New Dimensions in Education; Resourcing Experience, Leadership & Legitimate Alternatives. A gathering of faculty, staff, students and board members discussed an array of possibilities for augmenting the Ticonderoga Campus. Topics included discussions on academic program offerings, our presence in the area, outreach efforts (i.e. with BOCES), high school visits and pipeline opportunities such as continuing education.

  - There were many positive takeaways from the discussion but two that I will highlight: We have yet to properly resource continuing education and I believe this continues to leave the door that was closed since 2001 with an enrollment pipeline that led many continuing education students eventually into credit bearing courses. This concern is also reflected as an action item to address in our current draft in the strategic plan. All three campuses would benefit if we could support continuing education.
O Academic program offerings – Our Ticonderoga students continue to share with us their interest to see more course offerings and more academic majors to consider.

4) **Strategic Planning** – A college wide meeting was held on December 20th to review the progress made on development of a new strategic plan. Working Group teams will continue to draft clear action items and measurable outcomes for current Strategy Steps. Community Groups (the Board of Trustees is one of seven community groups) will continue to review updates to first drafts shared in December. Because of the Middle States report due September 1, it is our goal to have a final draft before the faculty in April.

5) **Enrollment and Positive Budget Condition** – It looks like our enrollment number for Fall students returning for Spring will be lower than expected for the Spring semester. As a result, our reported 2016-17 AAFTE projection of 1,075 (in November 2016) has been adjusted back down to 1,050. Please note we will have an update on this number after the Spring census date. Spring Bridge enrollment and summer class enrollment are the final two sets of numbers that will affect our final enrollment for the 2016-17 year. At this time, we are still 150 AAFTEs above our budgeted enrollment of 900 AAFTEs. Thus we continue to hold onto a positive budget condition for the 2016-17 year.

In regard to the list of possible restorations (positions and expenditures) that Bob Farmer circulated with the College community in the fall semester, President’s Council has recommended we re-introduce a Science instructor position and a Humanities instructor position for the Spring semester and then make a final decision after we firm up enrollment numbers for 2016-17 and our budget plan for 2017-18. In addition, Kim Irland is working closely with local mental health agencies in how we will acquire part-time mental health counselors at the three campuses.

6) **Railroad Tracks Removal Update** - I sent a note out to everyone back in the fall semester regarding the Department of Conservation’s request to meet with the College concerning the stretch of the railroad that runs through College property. I have received some feedback from College employees and student leaders and most of it has to do with access points to the trail near the Sparks Athletic Facility. I will be discussing this item at the Board of Trustees meeting next week.

Jim Brooks, our College attorney is serving at the College contact on this matter. In December, the DEC sent Jim Brooks an outline of an agreement for how the DEC would manage the proposed trail system in terms of its responsibility for liability. We anticipate that there will be a meeting between us and the DEC sometime in February. Again, if you have any comments to share, please see me.

7) **Middle States Report Due September 1, 2017** – The College will complete a follow-up monitoring report for Middle State and that will address four key items by September 1, 2017. Senate and I will discuss these items at the January 20th meeting of College Senate and how we will proceed in drafting and finalizing each item in the report. The four items are:
A. Financial sustainability –
Identifying the enrollment targets we need for the next three years to meet projected expenses for a balanced budget each year is the goal of this activity—Bob Farmer and his staff will work on these materials with Chris, Joe and others and then share their work with Long Range Planning in March. We hope there are members of LRPB that will join Bob in this work.

B. Complete our new strategic plan – we reviewed our progress to date back on December 20th. Given the September 1st deadline with Middle States, we will need to have a final draft of the new strategic plan in front of the faculty before the end of the spring semester.

I will be convening a session with the working group leads shortly and we will meet to zero in on identifying clear and measurable outcomes for those items currently identified in the drafts. We will continue to share updates with the College community and post updates to the SharePoint location.

C. Assessment of governance – Chuck, Joe, Sarah and I had a conference call with Middle States before the break to gain clarification on the extent of this activity – we learned that Middle States’ definition regarding an assessment of the effectiveness of governance is one that extends beyond the creation and work completed by College Senate over the past five years. We have been asked to clearly document the current status of governance and with specific examples. The strategy for completion this assessment will be explored at the January 20th meeting.

D. Organized and Systematic Approach to Assessment – There was clear evidence in the Periodic Review Report that the College has been engaged in assessment activities for a number of years. Again, kudos to Sarah Maroun for cataloging the good work of the faculty in this area. Middle States is looking for us to create a systematic and organized approach to our assessment program. We will do this but we will need to look at what resources we need to bring to bear on our current assessment efforts to support this outcome. Conversations have begun with a few folks – Sarah Maroun, Joe Keegan, Scott Harwood, Bob Farmer and those conversations will certainly expand as I ask President’s Council to look at how best will we manage our assessment activities. Also, for non-academic units, we will need to begin to catalog our assessment activities too. In all instances, Middle States requires us to identify what was learned as a result of the assessment activity; and what we did with the results – did we change anything with teaching or with the delivery of services? did we change anything related to budgeting resources in the following year? Again, we have engaged in these types of decisions, but we haven’t documented them as well as we should. So there is work to be done before we reach the latter part of the Spring semester.

Proposed Means to Assembling the Report for Middle States – Chuck Van Anden and I, and a few others, have begun discussions on how we might approach assembling the report. We will discuss this item at Senate this Friday. It will be our goal of having a final draft of the
report to the faculty in early April (or earlier if possible); and then have a reading team read the report and make final edits over the summer. Then, we would send this updated version of the report to all faculty around August 1st. We would then meet in the last week of August to hear any final suggestions for edits and submit the report on September 1st.

8. **Contract Negotiations** - Management staff and both collective bargaining units are in final stages of negotiations as we are both reviewing the agreed upon changes to the proposed contracts. On behalf of the entire management team, we wish to thank the union leadership of both NCCCAP and CSEA with all that they have done to get us where we are today.
Governor Cuomo has released his Executive Budget for the 2017/18 fiscal year. As you know, this is only the first step in the process towards an Enacted Budget for the upcoming year and provides us a good starting point for improvements and adjustments.

As showcased in the 2017 State of the State Addresses, the forefront of the Governor’s postsecondary education platform is the Excelsior Scholarship Program. Beginning in the fall of 2017, resident undergraduate students from households making less than $100,000 will be able to attend any SUNY or CUNY school tuition free. The program will be phased in over three years: beginning for New Yorkers with an adjusted gross income of up to $100,000 in the fall of 2017; increasing to $110,000 in 2018; and reaching $125,000 in 2019. To qualify, a student must be on track to finish an associate’s degree in two years, or a bachelor’s degree in four years. The New York State Division of the Budget (DOB) has indicated that they expect this program to lead to increased enrollment at the 30 community colleges operating under the program of the State University.

The prioritization of college affordability and completion is a reflection of our advocacy for SUNY’s Completion Agenda and a recognition of the 21st century job market, and this program will aid in meeting this need.

More directly important to the day-to-day operations of SUNY, the Executive Budget also recommends significant new investment in SUNY’s educational facilities program over a five-year period, with an increase to bonded Critical Maintenance funding for the State-operated and statutory campuses, from $200.0M annually to $550.0M, the same level as was experienced in the last long-term capital plan. This much needed capital funding will enable SUNY’s State-operated campuses and statutory colleges to invest in campus infrastructure, modernize academic buildings and spaces to meet demand in certain program areas, and renovate spaces to facilitate collaborative learning and consolidation of student academic support services. In addition, new funding is again proposed in 2017/18 for the hospital capital program. Further, the Executive Budget also authorizes SUNY and CUNY to utilize the “design/build” method of contracting, allowing certain projects to be completed more expeditiously and at a savings for taxpayers.

This is a major win for the four-year colleges, and we appreciate the efforts of the Construction Fund, the campuses, and the Governor’s Office in making it part of the Executive Budget.

Additional good news can be found in the inclusion of a reinstatement of an undergraduate tuition plan at the State-operated campuses, where by the Board of Trustees will be empowered to increase resident undergraduate tuition by a maximum of $250 per year above the prior year approved amount.

Other highlights of the Executive Budget include: the continuation of $18.0M for the 2015/16 Investment and Performance Fund; a proposal to enact the New York State DREAM Act which would allow undocumented students to be eligible for the Tuition Assistance Program (TAP) and other types of state financial assistance programs; and continuation of last year’s extension of the 2011 SUNY procurement flexibility legislation.

Finally, other items of interest that do not have a direct and immediate impact on the SUNY system include a proposal to link TAP eligibility for students to their college’s ability to control tuition and fee increases, and – in reaction to current findings related to activities at CUNY Foundations – a requirement that CUNY utilize 10 percent of annual foundation revenue to support tuition assistance programs at the CUNY system.

This final proposal is part of a larger package of reforms that are not expected to immediately impact SUNY related entities, which include expansion of the jurisdiction of the Inspector General to SUNY and CUNY affiliated entities and the establishment of a Chief Procurement Officer for the entire state.
While we also recognize that the Executive Budget does provide a few challenges, such as the lack of a Maintenance Of Effort for either the State-operated campuses or community colleges, the expansion of the Inspector General’s jurisdiction and the long-term impact thereof, and the general lack of increased investment in all campuses, we do believe that this budget gives a strong start for continuing our advocacy with the Governor and Legislature.

**Operating:**

The 2017/18 Executive Budget largely reflects 2016/17 Enacted Budget levels of support and appropriation authority, with some notable adjustments as described below:

### State-operated Campuses:

- **Direct State Tax Support:**
  - $708.0M: Direct State Tax support for State-operated campuses / System Administration
  - 141.5M: Direct State Tax support for University-Wide Programs
  - 18.0M: To be allocated according to a plan by the Board of Trustees
  - 133.2M: Direct State Tax support for Statutory Colleges and Cornell Cooperative Extension
  - 1,615.6M: Indirect State Tax Support sub-allocated to the central General State Charges budget

- **Tuition Revenue:**
  - $1,914.7M: Tuition Spending authority (includes “Pooled Offset”) for State-operated campuses
    - This represents a $69.5M increase in authority to accommodate an up-to $250/year increase to resident undergraduate tuition rates and increases to other tuition rates in a similar percentage manner.

</tr>
</tbody>
</table>

Changes to legislation have also been introduced that would have the following impact:

- **Tuition Plan**
  - The Board of Trustees is empowered to raise the undergraduate rate of tuition for State-operated campuses by a maximum of $250 over the prior year approved amount
    - Runs from 2017/18 to 2021/22
  - Tuition Credit cost for increases are continued
  - Revenue resulting from such an increase is to be allocated to each campus pursuant to a plan approved by the Board of Trustees that supports investments in:
    - Faculty
    - Instruction
    - Initiatives to improve student success
    - On-time completion, and
    - Tuition credit costs
  - Board of Trustees is required to annually report (September 1st of each year) on how the revenue generated from tuition increases has been invested in the noted items

---

1 Includes direct State tax support to State-operated campuses and System Administration
2 Includes $110.7M in “Pooled Offset” authority
3 Includes authority to operate fee-supported activities, residence halls, and miscellaneous activities outside core operations
The Board of Trustees is required to submit an annual plan (November 30\textsuperscript{th} of each year) of the five-year plan for the increases to resident undergraduate tuition.

- Based on current enrollment levels, a maximum $250 increase would generate approximately $29.1M after adjusted for tuition credit costs.

- **Maintenance of Effort (MOE) is not included**

- **Recognizing the full cost of Maintenance and Preservation of State Assets**
  - The following amounts will be transferred from SUNY to the State’s Capital Fund to reimburse the costs of Maintenance and Preservation staff at SUNY institutions paid for, in the first instance, from the State’s Capital Fund as noted in the Capital Budget portion of this document. This is intended to be cost neutral to SUNY, and is part of a larger statewide effort to recognize the “true” cost of capital programs across the state.
    - $112.6M: Core Operating Account
    - 41.9M: Dormitory Operating Account
    - 5.4M: General IFR
    - 0.8M: Long Island Veterans’ Home
    - 0.6M: SUTRA
    - $161.3M: Total

In addition, language has been included in the appropriations for the Core Operating Account, General IFR, and the Hospital Operating Account that would broaden the ability for the spending authority to be increased or decreased from or to any other state agency or public authority upon the approval of the Director of the State Budget. This, similar to other language included in the Aid to Localities bill, is intended to serve as a “safeguard” against reduced federal program support.

**University-wide Programs:**

The Executive Budget reflects an approximately $14.9M decrease from 2016/17 Enacted Budget levels of support for the University-wide programs as follows:

- ($5.4M) Additional Education Opportunity Program (EOP) support
- (5.0M) Additional Education Opportunity Center (EOC) support
- (2.0M) Additional Advanced Technology Training and Information Networking (ATTAIN) support
- (1.5M): Additional Small Business Development Center (SBDC)
- (0.6M): Graduate Diversity Fellowships
- (0.2M): Additional Cornell Veterinary College support
- (0.1M): New York Latino Research and Resources Network at UAlbany
- (0.1M): ESF Chestnut
- ($14.9M): Total

In addition, the $10.0M transfer from NYSERDA to support the Clean Energy Workforce Opportunity Program was not continued from 2016/17 into 2017/18.

Further information on year-to-year University-wide funding levels is provided as Attachment A.
Hospitals and Health Related Activities:

- The Executive Budget provides an additional $87.0M in spending authority for the Hospital Operating Fund, and an additional $0.7M for the Long Island Veterans Home, both of which were requested.
- $18.6M in authority to support transferred direct state tax support has been removed, reflecting the $18.6M reduction in direct state tax support. This results in a net year-to-year increase of spending authority of $68.4M.
- There is no 2016/17 re-appropriation for the Hospital Operating Fund, despite being requested.

Community Colleges:

- The Governor’s Executive Budget does not reflect the SUNY request for an alteration of the funding model for the community colleges, and instead continues Base Operating Aid at $2,697 Per Funded Full-Time Equivalent (FTE). However, the State does include funding for approximately 5,000 FTE related to projected increased enrollment from the Excelsior Scholarship Program.
  - Language is included (as it is in many Aid to Localities appropriations this year), that would allow that, in the event that State receipts - including but not limited to receipts from the federal government - are less than those planned for in the State Financial Plan, the Director of the State budget may reduce the amount available for Aid to Localities funded programs, such as community college funding, according to a written plan
    - The Chancellor shall have the authority to take action as needed to achieve the reductions listed in said plan
- 2017/18 funding for the following programs remains flat on a year-to-year basis:
  - $11.6M: Rental Aid
    - Language is included (as it is in many Aid to Localities appropriations this year), that would allow that, in the event that State receipts - including but not limited to receipts from the federal government - are less than those planned for in the State Financial Plan, the Director of the State budget may reduce the amount available for Aid to Localities funded programs, such as community college funding, according to a written plan
      - The Chancellor shall have the authority to take action as needed to achieve the reductions listed in said plan
  - 3.0M: NY Job Linkage
  - 3.0M: Apprentice SUNY

4 Language relating to the requirement of Regional Council plans being completed prior to payment has been removed
- 1.9M: Contract Courses / Workforce Development
- 1.7M: High Needs Programs
- 0.9M: Low Enrollment Schools
- $22.1M: Total

The following programs have been reduced or eliminated in the 2017/18 Executive Budget:
- $1.5M: Graduation, Achievement, and Placement (GAP) Program (Eliminated)
- 1.1M: Child Care (Leaves $1.0M in support) (Reduced)
- 0.1M: Orange County CC Bridges Program (Eliminated)
- 0.02M: Rockland Veterans Program (Eliminated)
- $2.7M: Total

</table>

For reference, under current enrollment projections and the 2017/18 level of Base Operating Aid:
- 27 Colleges would see a reduction in Base Operating Aid:
  - Ranges from a high of ($2.7M) at Nassau to a low of ($27) at Orange
- 3 Colleges would see an increase in Base Operating Aid:
  - Ranges from a high of $83.6K at Tompkins-Cortland to a low of $81 at Rockland

General Items:
- **Excelsior Scholarships**
  - A “last dollar in” scholarship program is created that would provide for “free tuition” to students attending a SUNY or CUNY school.
  - Students eligible for such scholarship shall:
    - Be matriculated in an approved program leading to an undergraduate degree at SUNY or CUNY
    - Have completed, or completes, fifteen credits per term in his or her program/programs of study
    - Have an adjusted gross income equal to or below:
      - $100,000 in 2017/18
      - $110,000 in 2018/19
      - $125,000 in 2019/20
    - Adjusted gross income shall be the total of the combined adjusted gross income of the applicant and the applicant’s parents or the applicant and the applicant’s spouse if married.
  - The tuition charged to students who receive this award shall not exceed the rate of tuition charged in 2016/17.
  - Awards are for no more than four academic years of full-time study, or five years if the program normally requires five years.

---

5 Does not include $5.0M for Clean Energy Workforce Opportunity Program
6 Both 2016/17 Enacted and 2017/18 Executive hold Base Operating Aid per FTE to $2,697/FTE
- Establishment of the NYS DREAM Act
  o Would allow students without lawful immigration status (that meet certain criteria) to be eligible for the TAP program and other scholarship programs.

- Establishment of the Excelsior Business Program
  o This proposal would build upon and refocus the former START-UP NY program as the Excelsior Business Program.
  o This change is meant to enhance effectiveness and administrative efficiency by simplifying / expanding eligibility criteria for firms by employing a simple test to determine of the business is a start-up or an early stage business focused on research and development or market testing for new products and services.
  o However, in order to be eligible to take this test, the business must:
    ▪ Have been organized no more than five years prior to the time it submits its application.
    ▪ Have not generated any net income from operations in any tax year of the business.
    ▪ Not be publicly traded, or if it is traded, have no more than five percent of its ownership be publicly traded.
    ▪ Have no more than 25 employees employed in the twelve months prior to application.
  o New businesses that pass this test would need to maintain eligibility by creating and maintaining at least one net new job.
  o Businesses that create at least five net new jobs would be eligible to receive a refundable tax credit based on the number of net new jobs created, with the Director of Economic Development being empowered to provide further benefits under the Excelsior Jobs Program to those businesses that have significant economic impact.
  o In addition, any vacant space in any building owned or leased by a SUNY campus or an affiliate of a campus, as well as any vacant land owned or leased by a SUNY campus or an affiliate of a campus, has been made part of the definition of “eligible land” that can be included as part of a campus plan.

- College Responsibility on Student Charges
  o Starting in 2018/19, students receiving Tuition Assistance Program (TAP) awards shall not receive the award if increases in tuition and mandatory fees exceed a three year average of the final Higher Education Price Index (HEPI) for the most recently available academic year, or five hundred dollars; whichever is greater.
    ▪ This shall only apply to new students receiving an award in 2018/19.
    ▪ Students who first receive an award in 2017/18 shall continue to be eligible for an award, provided such students satisfy eligibility requirements.

- Align Regional Economic Development Councils and Community College Regional Councils
  o While no legislation has been provided to enforce this change, the Governor’s 2017/18 Policy Book indicates that the Governor will appoint two Career and Technical Education (CTE) leaders to each Community College Regional Council to better align training programs with Regional Economic Development Council goals.

- Expansion of the New York State Inspector General Jurisdiction
  o Would expand the Inspector General’s jurisdiction to any organization or foundation formed for the benefit of, or controlled by, SUNY or CUNY (inclusive of those related to community colleges, the Research Foundation of State University of New York, and alumni associations that have control of, manage, or receive more than $50,000 annually).
  o This does not include any student-run organization comprised entirely of enrolled students formed for advancing a student objective.

- Establishment of Public University Foundation Oversight
  o The Executive Budget would require the Inspector General to oversee implementation and enforcement of financial control policies at SUNY, CUNY, and all affiliated nonprofit organizations and foundations,
including the Research Foundation, that has control of, manages, or receives $50,000 or more annually. This does not include any student-run organization comprised entirely of enrolled students formed for advancing a student objective.

- As part of this oversight, the Inspector General shall require that each affiliated entity adopt written policies designed to prevent corruption, fraud, criminal activity, conflicts of interest, or abuse.
- In addition, the Inspector General will be empowered to appoint, in consultation with SUNY and CUNY, compliance officers from within the staff of the institutions to assist in oversight and monitoring of these policies.
- Failure by an affiliated entity to comply with this new legislation will result in such entity not being eligible for any state related support or grants until the Inspector General certifies them as being in compliance with this legislation.

- **Establishment of a Chief Procurement Officer**
  - The Executive Budget would appoint an overall Chief Procurement Officer for the entire State who will be tasked with oversight of all state procurements.

As an accompaniment to these last several proposals, which has no immediate impact on SUNY, the Executive Budget would require CUNY to utilize ten percent of annual revenue received by each CUNY affiliated organization and foundation in the previous academic year toward tuition assistance initiatives for students in need attending CUNY.

More detail on these items is available upon request.
Capital Budget:

The Executive Budget recommends new capital appropriations for 2017/18 for:

**State-operated/Statutory Colleges – Educational Facilities**
- **$550.0M** in critical maintenance funding for 2017/18, an increase of $350.0M from the $200.0M that was planned in the 2016/17 Enacted Five Year Capital & Financing Plan.
  - The 2017/18 proposed Executive Five-Year Capital & Financing Plan provides recurring funding of $550.0M in each of the subsequent four State Fiscal Years, for a total of $2.75B over five-years.
  - The appropriations for 2018/19 through 2021/22 are not included in the Executive Budget and would be subject to the approval of the Legislature each year.
  - Of the $550.0M provided for 2017/18, $153.4M is allocated to each State-operated/statutory campus and $396.6M is provided in a lump sum for priority critical maintenance projects.
    - While the allocation of the $396.6M lump sum is yet to be determined, consistent with SUNY’s 2017/18 capital budget request, the highest priority will be for projects that address life and safety concerns, core infrastructure in need of replacement that, if not addressed, could disrupt campus operations, and upgrade buildings and infrastructure to meet current building codes and regulations, such as ADA.
    - We will have our new asset life cycle modeling software in place by the time the budget is enacted, which will also help inform where critical maintenance investment is needed to reduce SUNY’s deferred maintenance backlog.
    - Also of priority are projects already in progress that require additional funding to advance to construction. Our plan is to revisit each campus’ 5-year capital plan and project portfolio in the next few weeks to help inform where investment is needed.
      - Use of the new appropriation is restricted to critical maintenance projects in existing facilities.
      - Language has been included authorizing the use of “Design/Build” contracts.
  - **$161.0M** in pay-as-you-go funding for Facilities Maintenance and Operations.
    - This funding is intended to be distributed to State-operated campuses for the operating expenses of facilities departments and the State’s expense is reimbursed by a transfer of cash balances from several operating accounts as noted in the Operating Budget portion of this summary.
  - **$55.0M** is provided through Empire State Development to support a seventh round of SUNY 2020 Challenge Grants.

State-Operated – Residence Halls
- Consistent with SUNY’s capital budget request, no new appropriation is provided for the pay-as-you-go portion of the residence hall program, and $50.0M is planned annually through 2021/22, for a five-year total of $200.0M.

Hospitals
- **$100.0M** for critical maintenance projects at Upstate University Hospital and Stony Brook University Hospital, $50.0M for each hospital. No new capital appropriations are recommended for Downstate University Hospital.

Community Colleges
- **$53.1M** representing the State’s 50 percent funding share for 56 new projects at 20 colleges that obtained local sponsor support.
  - One Rockland Community College Energy Savings Project for $1.25M was not included in the Executive Budget. Further information will be sought from the Division of the Budget.
  - The 50 percent State share is included for all other community college projects that were requested, and details are included as Attachment B.

Other Items of Interest

- Campuses are also eligible to apply for funding through the local Regional Economic Development Councils which received $150.0M in new funding in the Executive Budget.
- $300.0M is provided for a life sciences initiative to be administered by Empire State Development to provide lab space, equipment, technology and funding for research and development.
- The Executive Budget recommends reauthorization of all prior year appropriations, totaling $3.4B for SUNY’s capital programs.
  - New restrictions are imposed on the 2014 $49.0M re-appropriation for projects lined out in a subsequent Senate resolution. Before funding for these projects will be released the proposed language requires the legislative sponsor to submit the following information about the project, in writing to the Director of the Budget:
    - That the project is for a lawful purpose;
    - That the sponsor has no financial interest, direct or indirect, in the project;
    - That the sponsor has not and will not receive any financial benefit from the project;
    - Has no known conflicts of interest; and
    - In addition, the Senate is required to post the request for funding and information related to the project on the public website.
  - Many of the projects funded through this Senate resolution are already underway, minimizing the number that could be impacted by this proposed language.

\(^7\) Please note that, while a total of $81.5M in projects were approved by the SUNY Board of Trustees, the final value of projects presented to DOB was $54.35M, with the difference being due to several projects not receiving appropriate local sponsor support documentation.
