**CERTIFICATE OF RESIDENCE**  
**INFORMATION SHEET**

Pursuant to Sections 6301 and 6305 of the Education Law in Connection  
With Attendance at Community Colleges

Many parents and students are interested in understanding the requirements to qualify for the resident tuition rates at community colleges in New York State. The difference between the resident and non-resident tuition rates is significant. The requirements can be complex, so please read this entire document carefully and contact your county Treasurer if you have further questions.

**Eligibility Basics:**

- Student must be a **New York State resident** for at least **one full year** prior to application.
- Student must be a **County resident** for at least **six (6) months** prior to application.
- Student must be a U.S. citizen or carry a resident alien card ("green card").
- Individuals who are financially dependent and whose custodial parent(s) live in a state other than New York are **not** eligible for the resident tuition rate.
- Dependent students of divorced or legally separated parents may acquire a New York State domicile if the custodial parent is a New York State resident or if the student resides with a non-custodial parent who is a New York state resident and the student intends to continue to reside with that parent throughout their attendance at the community college.
- Members of the U.S. Armed Forces while on full-time active duty and stationed within New York State, as well as their dependents, are eligible for the resident tuition rate.

**Determination of Domicile:**

To determine a student's domicile, the following principles are used:

- A person may have multiple residences but only one domicile
- A person retains a domicile until abandoned.
- Physical presence alone does not establish domicile or residency.

**Proof of Domicile/Acceptable Identification Documents:**

- Student's valid NYS Driver's license, Driver's Permit, or NYS Non-Driver Identification with **issuance or renewal date at least one year old**.
- Automobile registration or automobile insurance identification card in student's name for preceding year.
- Award Certificate from New York State Higher Education Services in student's name for preceding year.
- Student's High School transcript for preceding year.
- Copy of student's Federal or New York State Income Tax return for preceding year. If a student resides with parent(s), a copy of the parent's tax return for the preceding year listing the student as a dependent.
- Copy of written lease in student's name for preceding year.

**Proof must show a Residential Street Address. Post Office Box Mailing Addresses Are Not Acceptable.**

## **Certificate of Residence Information Sheet Continued**

The Affidavit (or Affirmation) and Application for Certificate of Residence must be completed in its entirety and signed by the student in the presence of a Notary Public. The form can be filed by mail or in person at your local County treasurer's office. [Some counties do have specific requirements for how to obtain and submit the Certificate. Please inquire with your local County treasurer's office for those details.]

**Please note that certificates may only be issued up to sixty (60) days before the start of classes and up to thirty (30) days after the start of classes.** If you fail to obtain your certificate within this time frame, you will be responsible for paying non-resident tuition. Certificates are valid for a period of one year from the date issued.

### **Immigrant, Non-Immigrant and Undocumented Aliens:**

Students claiming to be immigrant aliens must present proof of their status by providing a valid Alien Registration Card (green card). Once a student's immigrant status has been verified, the student must then establish County and New York State residency by meeting the domicile criteria listed above. Non-immigrants are grouped in categories depending on the type of visa presented at the port of entry. Non-immigrants admitted to the United States in categories that prohibit them from establishing a United States residence are not eligible resident tuition. In general, the Federal Illegal Immigration Reform and Immigrant Responsibility Act prohibits students who are unable to present valid documentation of their alien status from eligibility for the resident tuition rate. An undocumented alien cannot be charged a lower rate of tuition than an out of state student who is a citizen of the United States.
