

## **CHANGE IS PROGRAM OF STUDY**

A student who wishes to change their program of study must first discuss the matter with an academic advisor after being admitted by the Enrollment Management Office. Proper advisement and procedural instructions are described at that time. Such procedures culminate in official changes in the student's records at the Registrar's Office.

## **COURSE LOAD**

The typical course load carried by full-time students is 15-16 credit hours each semester. Students who carry 12 credit hours through the entire semester are considered full-time students. Students wishing to register for more than 18.5 credits require the permission of the Vice President for Academic Affairs. There is an additional fee for registering for more than 18.5 credits per semester.

## **RETURNING TO NCCC**

Students wishing to reapply to North Country Community College may contact the Enrollment Management Office to obtain an application.

*(Coursework older than ten years may not be allowed to meet graduation requirements).*
